SUMMARY

I am a passionate, creative problem solver, who believes in the power of a good team. I am a web developer and designer who loves coding design and designing code. I have been studying web development and design for over three years and recently graduated from the Iron Yard (a three month immersive web development program). My goal is not an end goal, but to continually grow and learn.

SKILLS

HTML5	GIT	FRONT-END DEVELOPMENT
CSS3	GITHUB	USER FOCUSED DESIGN
SASS	ILLUSTRATOR	RESPONSIVE DESIGN
BOOTSTRAP	PHOTOSHOP	WIREFRAMING
JQUERY	INVISION	PROTOTYPING

EXPERIENCE / PROJECTS

THE IRON YARD
Recent graduate of a three month immersive UI development and design program, called the Iron Yard, in Raleigh, NC. Gained the relevent skills and knowledge in order to be a successful front-end developer / designer who is always adapting, growing and learning.

BIKE MD
Lead front-end developer for Bike MD. A web application designed for motorcycle technitions. Collaborated with a UI designer and a back-end developer.
Tools used: HTML5, CSS3, SASS, jQuery, Git, Github, Photoshop

BRANCHLESS BANK
Created wireframes, mockups, and prototyped two user stories for a hypothetical online only banking application.
Tools used: Illustrator, Photoshop, Invision

GOODREADS
Redesigned and developed the bookshelf page of the Goodreads website. Designed a new logo, created wireframes, and coded the prototype.
Tools used: HTML5, CSS3, SASS, Git, Github, Photoshop

HACKATHON
Participated in a two day hackathon involving two UI developers / designers and two back-end developers. We designed and developed a "choose your own adventure" interactive story website.
Tools used: HTML5, CSS3, SASS, jQuery
